To all of the masses that don t understand the destruction the Minimum wage law has done to the USA, I m still trying to get through your thick scull. Practical all of the foundation and infrastructure of the USA were built before the minimum wage law of the Fair labor standards act of 1938. Most of the bridges and water and sewage systems in major cities throughout the USA were built before a minimum wage law. Now, throughout the USA practically everything is beginning to fall apart. And I m here to tell you there is no way in hell these infrastructures are going to be replaces with a minimum wage law in place. There is no mystery about it the fact is no free market economy can support this liberal installed provider welfare state, it can barely support a proper military. All throughout history without a minimum wage law the people were able to provide for themselves and support a government, too. But, the minimum wage law prevents that; it won t let the cost of living (prices) drop down enough for the majority poor to pay out of pocket for their own food and medical bills. The government drives prices higher and higher by giving out free money on an individual basis thereby driving prices out of reach for everyone. Sure, the poor needs help, but the way to do that is for the government to run it own commissaries, housing, and clinics for the poor and use tokens or script for those who qualify, not contaminate the...
