WAR CRIMES IN GAZA AND THE ZIONIST FIFTH COLUMN

Clarity Press. Paperback. Book Condition: new. BRAND NEW, War Crimes in Gaza and the Zionist Fifth Column, James F. Petras, The texts and illustrations in this book provide graphic accounts and visual evidence of why Israel has provoked a worldwide 'Boycott, Divestment and Sanctions' campaign by human rights activists, trade unions and a multitude of other groups, including individuals in Israel and Jewish organizations in Europe and North America. It includes the Executive Summary of the Goldstone Report, an in depth case study of Israel's war crimes in Gaza, including the blockade of such essential goods, as food and medicine, the systematic and deliberate targeting and destruction of civilian targets, including the murder of civilians in homes, schools and UN facilities; the use of weapons designed to inflict maximum pain and death to civilians (white phosphorous bombs); the gratuitous destruction of the foundations of civilian life including food production, water installations and sewage treatment facilities. The Report concludes that the actions of the Israeli Government could lead to a "competent court finding that crimes against humanity have been committed" and was approved by a vast majority in the United Nations General Assembly. The US governments' sustained complicity with Israeli war crimes in the face of worldwide reprobation, and the conduct of the Obama White House and nearly 90% of the US Congress in denouncing the Goldstone Report are addressed in the chapters discussing the political, economic and cultural power of the Presidents of the Major American Jewish organizations, including but not confined to AIPAC.
