Reviews

It is a single of the best book. This is for those who state there had not been a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.

When Teller stumbles upon an encampment of survivors, all suffering from open sores on their skin, he recognizes biological warfare agents at work. Even in 2094, this is one nasty epidemic, the kind that could swallow the entire Wasted West. But why is this happening now, 13 years after the Last war?.
