

Vostok Station: Point of Impact (Paperback)

By Kerry Plowright

Trafford Publishing, Canada, 2005. Paperback. Book Condition: New. 223 x 147 mm. Language: English . Brand New Book ***** Print on Demand *****. Vostok Station, the coldest recorded place on earth, a Russian research facility deep in Antarctica that sits on a dome of ice over 5000 feet deep. A place unique not just because of record cold temperatures but because of what lies beneath the ice, Lake Vostok, a fluid mass larger than Lake Ontario, nearly 2000 feet deep. Renegade Russian and Chinese scientists drill through the ice into the lake, discovering a secret that has been trapped there for millions of years. Compressed by trillions of tons of ice, the lake water is saturated in oxygen and explosive natural gasses. When exposed to low atmospheres, the water instantly boils into gas. Beneath that mix, the earth's crust, stretched by the huge mass of lake and ice, has laid bare the world's largest oil and gas reserve, held in check only by the weight above. The discovery begins a chain of events that spiral into the biggest massing of military forces seen since the Second World War. And then the unthinkable happens. A blinding flash of light and...
