7 Reasons to Believe in the Afterlife: A Doctor Reviews the Case for Consciousness after Death

By Charbonier M.D., Jean Jacques

Inner Traditions, 2015. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service!

Summary: An uplifting study of the scientific evidence for the afterlife from an experienced anesthesiologist/intensive care physician - Details meticulously recorded and hospital-verified cases of near-death experiences - Cites scientific research on NDEs to refute the standard objections of doubters and materialists point by point - Explores out-of-body experiences, sessions with mediums, electronic communication with the deceased, and other signs from the afterlife Over the course of his 25-year career as an anesthesiologist and intensive care physician, Jean Jacques Charbonier, M.D., gathered hundreds of accounts of patients who returned from clinical death. Across all of these accounts--from patients with vastly different backgrounds--Dr. Charbonier found striking similarities as well as indisputable proof that these experiences were more than hallucinations. He surveyed other physicians, nurses, and professional caregivers and discovered that their patients described the same experiences as well as exhibited the same positive life transformations afterward. Igniting a scientific quest to learn more, he collected more accounts of near-death experiences as well as out-of-body experiences, attended dozens of sessions with mediums, experimented successfully with electronic communication with the deceased (EVP), interviewed hundreds of people who...

Reviews

It is one of the best publication. It really is really intriguing through reading through period of time. You will not feel monotony at anytime of your own time (that's what catalogs are for relating to in the event you request me).

-- Dr. Pat Hegmann

It is one of my favorite publication. It is among the most awesome publication i have go through. I am just quickly will get a delight of reading through a published publication.
