Lulu Press Inc, United Kingdom, 2014. Paperback. Book Condition: New. 208 x 146 mm. Language: English . Brand New Book ***** Print on Demand *****. Many years ago, a battle ensued between a white dragon and a red dragon. The only evidence of this quarrel is the Red Dragon upon the Welsh flag. After Leena Laydon is forced from her home on Earth to The Second World, a land where magical creatures and humans constantly battle to the death, she must learn to use her influence as a descendent of the white dragons to save Drak-Chua Citadel from a lethal illness. Together with new friend Ryster, a demon fox, they must journey to the Ice Domain to seek the caladrius, an enchanted silver bird with the power to cure any sickness. Throughout her journey in The Second World, Leena must decide whether her love for King Justice (an enemy of the magical creatures of The Second World) will be able to survive the blood-stained history humans and beasts share, and realises her white dragon ability to transform into any magical creature comes at a price: a price which involves her having to kill them before she can take their form.
