Audible Studios on Brilliance, United States, 2016. CD-Audio. Book Condition: New. Unabridged. 171 x 133 mm. Language: English . Brand New. Invaluable insights into finding diverse investment opportunities in the emergent global economy. From Brazilian farmlands to Colombian gold fields, from Chinese shopping malls to Indian hotels, from South African wine country to the boom/bust souks of Dubai, this around-the-world investing field trip explores the nooks and crannies for hidden investment opportunities. *World Right Side Up: Investing Across Six Continents* is packed with ideas to power your portfolio in the years ahead while teaching you a little fascinating history along the way. Fact is, the world's markets have changed in a big way. For the first time since before the Industrial Revolution, the emerging markets now contribute as much to the global economy as their more well-developed peers. Far from being an anomaly, this state of affairs is more in line with the bulk of human experience. For centuries, China and India were the world's largest economies. And so the world is turning right side up. This change creates a wealth of opportunities for investors, in both the emerging markets and developed markets. *World Right Side Up* is your guide on how to take full advantage of this shift. This audiobook provides an entertaining view of various regions visited by the author, including South America, Asia, Africa, North America, and the Middle East; explores specific investment ideas and themes, including opportunities in agriculture, water, energy, infrastructure and much more; includes five key takeaways from each region, an invaluable feature, offering resources to consult for more information and guidance. While some people fear the changes happening now, the reality is that for the forward-thinking investor, these sizable new markets will create extraordinary new opportunities.
