The sign 0, which occasionally occurs, probably indicates either no observation, or snowy or rainy atmosphere. There are a few apparent anomalies in the following tables, the temperature indicated by the black bulb being somewhat lower than that indicated by the shade thermometer with an overcast sky. These may arise from a slightly erroneous index error, or occasional observing errors, or different localities of exposure. The following record of the observations of the temperature by the black bulb thermometer exposed to the solar rays, contains the corrected readings, which renders them directly comparable with the readings of the preceding general record, and has been inserted for the use of those who may desire to further investigate the subject.
