Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.As you know, one of the information systems challenges in the homeland security area is ensuring that critical information is shared in a timely and secure manner with a variety of parties in federal, state, and local governments, as well as in the private sector. It is important that federal networks meet the vital communications needs of effective homeland security, and do so in an efficient manner that includes information sharing between the various levels of government. You asked us to identify the major networks and examples of applications that are operational or being developed by federal agencies to share information in support of homeland security functions.
